

STAY FOCUSED. STAY COMPLIANT.

THE HIDDEN COSTS OF KEEPING CERTIFIED PAYROLL IN-HOUSE

OUTSOURCE CERTIFIED PAYROLL - NOT YOUR ENTIRE ACCOUNTING OPERATION

Golden Poppy Ledger & Co. works alongside your existing team to take certified payroll reporting and prevailing wage compliance off your plate - while you continue handling payroll, accounting, financials and day-to-day operations.

The cost of certified payroll isn't just payroll.
It's staff time, administrative interruptions, corrections, follow-up, and compliance risk.

HOW GOLDEN POPPY CAN HELP

Certified payroll preparation & submission

DIR eCPR & reporting portals

Prevailing wage compliance

Apprenticeship & training contribution support

Subcontractor compliance monitoring

Compliance consulting & audit assistance

Your team's time has value. Certified payroll can consume hours through reporting, follow-up, corrections, and compliance tracking. When requirements are missed, those hidden costs can grow into rework, penalties, and project delays.
